A.B. Computer Science with Certificates in Finance and Spanish

GPA: 3.62 | **Relevant coursework:** Computer Graphics (Spring 2019), Economics and Computing (Spring 2019), Functional Programming, Algorithms and Data Structures, Reasoning about Computation, Systems Programming, Corporate Finance and Financial Institutions

Experience

Central de Ofertas | Buenos Aires, Argentina | Summer 2018

Full Stack Software Development Intern

- Designed and developed a full stack price comparison web application using Node.js, MongoDB, DataTables, Material Design, HTML, and CSS to be used by internal staff and by sellers who use the CDO website.
- Wrote scripts in JavaScript to automate data insertions into the company MySQL database to improve efficiency.

The McGraw Center | Princeton, NJ | February 2017 - present

Peer Tutor

- Tutored 25 undergraduate students in Microeconomics in two weekly 3-hour group study hall sessions.
- Liaised between instructors and students to identify and clarify challenging concepts.

Wellness in the Schools | New York, NY | Summer 2017

Business Development Intern

- Conducted detailed financial research on over 20 potential grant donors by reviewing corporate accounting documents, pitched recommendations to executives.
- Wrote an original 47-page Salesforce User Guide based on interviews with internal and external stakeholders.
- Collaborated with a team of six to conceptualize, execute, monitor, and grow the activity of 3 publicity campaigns spanning Facebook, Twitter, and Instagram.

Leadership

TigerMeals | Princeton, NJ | Fall 2018 - present

CEO and Founder

- Created TigerMeals, a web and mobile application that promotes local restaurants by allowing members of the university community to purchase catering packages online (expected launch Fall 2019).
- Built the front-end of the application with HTML, CSS, and Bootstrap.
- Established partnerships with over twelve restaurants in Princeton.

Princeton Student Events Committee | Princeton, NJ | Fall 2017 - present

Graphic Designer / Publicity Chair

- Designed weekly posters to publicize campus-wide events.
- Developed and executed annual publicity campaigns to increase event attendance and group membership.
